13

Manly Grill is the newest and most exciting steakhouse to create and promote some of Australia's best quality and eating steaks sourced from some of the lushest farms in the Gippsland region of Southern Victoria.

We are extremely proud to bring you some of the best farmed and aged beef with an eating quality which will keep you coming back time and time again.

At Manly Grill we are passionate about our steaks. We only use the finest Black Angus Beef which is pasture fed, free from hormonal growth promotants and antibiotics.

Black Angus is a noble British Breed with blood lines dating back over 70 years. It has an eating quality superior to any other.

The product has a flavoursome quality with an even marbling which is aged to perfection, all of which ensures a unique eating experience.

***ENJOY!***
